

Conference Room Tables

Complete your meeting, conference, or training room with a Sound-Craft Systems conference table. Simply select from a variety of shapes and sizes, choose any one of four available base designs, and finish it off with optional solid hardwood trim in your choice of four profiles. Tables are offered in all of our standard wood veneers, custom hardwood veneers and custom-matched finishes, as well as high-pressure plastic laminates. All tables feature a wiring channel as standard. Optional laminate inserts in the top are available and recommended for high usage applications.

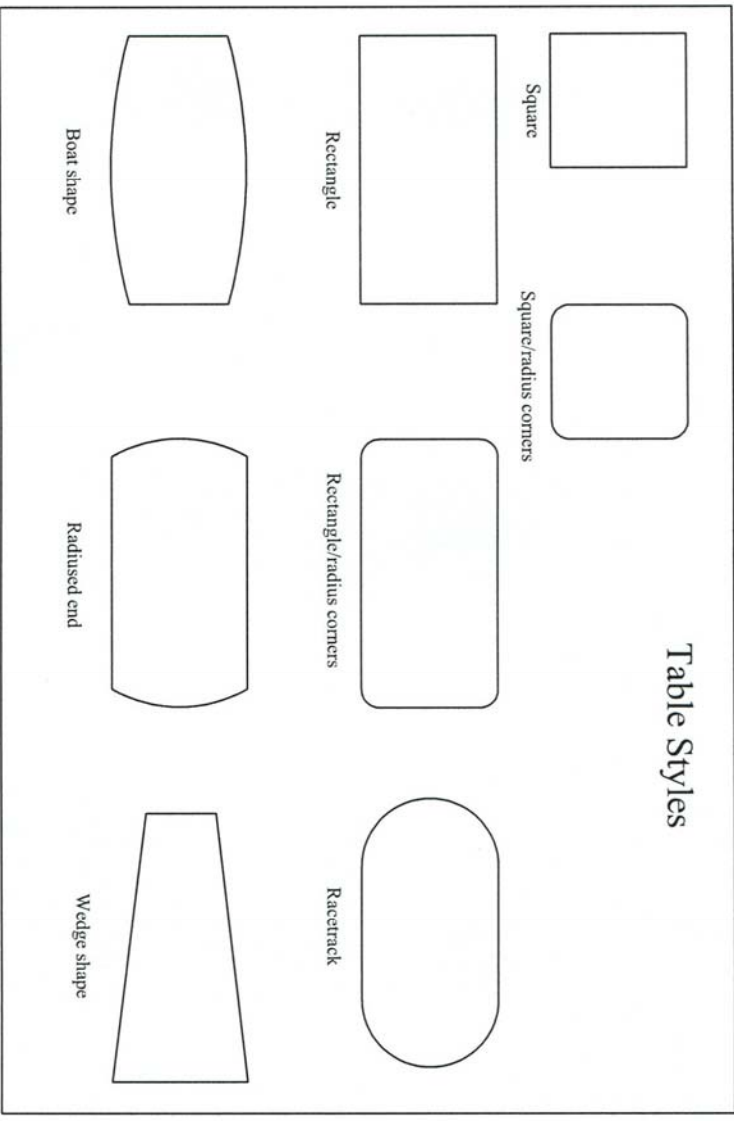

See page 2 for a list of available table shapes, bases, and edges.
