

Educator™ Series MMC-1

The MMC-1 Educator Multimedia Cart from Sound-Craft Systems is the ideal solution for mobile media presentations in the classroom. Four heavy-duty casters, two of which are locking, allow easy portability and a perfectly stable workstation once positioned. Vinyl tee-molding on the top and bottom not only protect the cabinet, but walls and other objects as well.

A standard keyboard tray is provided, as is a locking door and equipment access panel. A folding side shelf not only preserves the work surface of the cart for necessary equipment or instructional material, but is ideal for a laptop, document camera, or projector and maintains a proper ergonomic working height.

The spacious cabinet interior can be configured with an optional adjustable shelf or 16 space rack rails. A work surface cable port as well as cable ports on both cabinet sides allow for easily cabling. A fan cutout in the cabinet base is standard, as is an additional cable access for floor plates. The cabinet exterior and interior feature a durable, textured low pressure laminate finishes. Choose from Fusion Maple, Wild Apple, Mahogany Impressions, and Graphite Nebula.
