

Educator™ Series - WSV-50

Designed to solve the dilemma of accommodating a wide variety of instructor teaching styles, the WSV-50 features a heavy-duty manual lift mechanism that raises the unit from a standard, ADA-compliant seated desk position up to a maximum height of 42 1/2" to accommodate standing instructors. A pullout keyboard tray on heavy-duty ball bearing slides is standard.

The WSV-50 features an integral vented equipment cabinet featuring a locking door and front access panel and may be fitted with a 16 space rack mount or adjustable shelves. The cabinet work surface forms an ideal platform for document cameras, projectors, and other presentation equipment. Leveling glides are included.

Construction is of oak veneered MDF available in natural oak, dark oak, dark cherry stained oak, or black lacquer. Work surfaces are finished in Nevamar® Charcoal Matrix HPL with protective ARP finish for maximum wear resistance. A variety of options and accessories are available to accommodate a wide range of peripheral equipment.
